BOULDER, COLORADO (January 2, 2007) – QSUM, LLC, a privately held company based in Boulder Colorado, announces its entry into the breast biopsy disposables market. QSUM specializes in biopsy trays for Stereotactic, Ultrasound, and MRI and draping systems for Lorad® and Fischer prone biopsy systems. Other accessory products are also available including Ultrasound probe covers, gels, sterile JACHO compliant labels, etc.

“QSUM prides itself in addressing customer needs through innovation, ease-of-use and optimal cost-efficiency” states Hudson Jones President of QSUM.

Realizing the void in the market, Hudson Jones and Cindy Henke partnered to offer their 37 years of combined expertise in providing customers **Q**uality **S**tereotactic **U**ltrasound and **M**RI biopsy disposables.

Mr. Jones has 15 years of diverse experience with several medical device and disposable companies. His expertise includes the development and management of customer support operations, distribution services, and in-depth experience establishing efficient business systems in support of customer requirements.

Ms Henke-Sarmiento RTR (M) (BA) has 22 years experience in the Mammography field. She has 11 years of specialized experience including Product Management in the Stereotactic and Ultrasound modalities and disposables.

QSUM’s initial products were introduced in late June 2006. Customer incorporation of the products has been accepted by well known facilities such as MD Anderson, Park Nicollet, Oklahoma Breast Care Center, Cedars-Sinai Medical Center and many more.

ABOUT QSUM

QSUM, LLC is a private company based in Boulder, Colorado. The company provides a Stereotactic Breast Biopsy Tray and a Multi-Modality™ Tray. The Multi-Modality™ tray is designed for ultrasound biopsies, cyst aspirations, MRI guided biopsies, needle localizations, lymphoscintigraphy injections and stereotactic biopsies. In addition, we offer procedure draping for the Lorad® and Fischer prone stereotactic table and specialty products in support of these modalities. QSUM is your "one stop shopping" site for Breast Health!
